BBHC'S COST OF SERVICES

COST SHARING AND FEE PAYMENT REQUIREMENTS

COST OF SERVICES

If you do not have money or health insurance, mental health and/or substance abuse services may still be provided to you based on your eligibility. Community mental health and substance abuse agencies that receive funds from the State provide treatment and other services based on what you can afford to pay. This is called a sliding-scale or sliding fee basis of payment. Every person is responsible to pay for some of the cost of their care but if you have very little money or no money, services may still be provided.

To access services call Concordia at 1-877-698-7794 and select option 1.

AUXILIARY AIDS

BBHC is available to assist with auxiliary aids such as interpretation services and alternative communication systems. It is suggested that the BBHC's Consumer Relations Specialist is contacted for such assistance at (754) 227-4950.
